As the economy moves to a recovery path after a sharp decline last year amid the pandemic, a study has shown that 59 per cent of companies in India are intending to give salary increments to their employees in 2021. According to staffing company Genius Consultants '10th Hiring, Attrition and Compensation Trend 2021-22', with this impressive growth rate, the market is expected to be stable, and the companies will also relook at their business continuity strategy along with strengthening the workf ..
