COVID19 Free vaccination likely to revive economy, provide steady work opportunities: Report Press Trust of India By Press Trust of India Published on August 11, 2021 SHARE Share TWEET COMMENT The free vaccination drive rolled out by the government is likely to create a positive impact on the job market and on the overall economy as most respondents believed that it will help them in providing a safe work ecosystem to their employees with steady work opportunities, according to a report. Over 87 per cent of respondents believe that the free vaccination drive can prevent a second reverse migration for these workers as they will also be eligible to get vaccines, according to a report by human resource solutions provider Genius Consultants.
