'Majority of employers favour 4-day workweek'

By Press Trust of India

10th Apr, 2022 at 1:00 AM

Mumbai: With a number of companies across the world proposing 4-day workweek for employees, a report has revealed that a majority of employers in India strongly agree that this model will help in reducing stress level.

Over 60 per cent of the employers strongly agree that the new 4-day workweek model will be successful in uplifting the overall morale of the organisation with job satisfaction and work-life balance, helping to reduce stress and anxiety levels, a report by HR Solutions Genius Consultants said.
